# MESSAGE FROM THE CHAIR AND PRESIDENT AND CEO

Fiscal year 2022/23 exceeded all expectations with all revenue streams performing well above initial estimates. Uncertain as to how business levels would rebound following the pandemic, the centre was cautious in forecasting attendance numbers. These also exceeded our expectations.

We had an exceptional year of conventions; many of which were deferrals from the pandemic. Our roster of 34 conventions included many high-profile events such as the Rural and Remote Medicine, University of Ottawa Convocation, International Association of Firefighters, North American Congress on Biomechanics, Pet Valu, IG APEX Summit, Toyota National Dealers Meeting, Northern Lights and the Canadian Women's Foundation.

Event and meeting planners struggled with program planning throughout the year because they were also unsure of what numbers would look like. Attendance, for most events, outperformed. This indicated a real desire for people to reunite and resume socializing as in pre-pandemic times. A challenge throughout the year, and the foreseeable future, is the cost of food and beverage, as well as the inability to order certain items in large quantities.

An ongoing struggle in the hospitality sector in Ontario is the large exodus of employees from our industry. Our marketing efforts focused on talent recruitment and the excitement of working in the events business. We are proud to say that we have retained most of our management and unionized team members, which bodes well for our clientele as they return to the Shaw Centre as previous customers or visit us for the first time.

Another significant change is the booking window has shortened significantly and while this is good news, the challenge becomes one of space availability. Several of our long-time annual conventions recognized this and locked in three-year contracts to secure preferred dates and space for their event.

Our on-going culture of customer service continues to exceed the annual goal of 4.5 out of 5. Last year, it was 4.7. This is a true testament to our colleagues and their commitment to delivering a customer-centric experience at every stage of the buying cycle, right through to event delivery.

Key performance indicators guide our decision making and measure our success. As listed below, our KPIs span across all areas of our business.

KPI	ACTUAL	BUDGET	PRIOR YEAR
ECONOMIC IMPACT	\$103M	\$60M	N/A
GROSS REVENUE	\$17,079,123	\$8,212,151	\$7,212,230
NET OPERATING INCOME	\$3,611,007	(\$3,951,216)	\$995,978
OCCUPANCY	35%	38%	4.9%
TOTAL EVENTS HOSTED	310	295	60
OVERALL CUSTOMER SATISFACTION	4.7	4.5	4.7
LOST TIME ACCIDENTS	1	0	0

While we welcome people from across the globe to the Ottawa Convention Centre (OCC), we also believe in the importance of giving back to the community in which we work, live and play. The centre continues to support the important work of the Ottawa Mission as well as other local charities in our community. We welcomed back the annual Christmas Cheer Breakfast, Ottawa Mission's Coldest Night of the Year, and Canadian Culinary Championships.

We are delighted with our success this year and thank our most valued and strategic partners, Aramark Entertainment Services Canada, Encore Global Events (Canada), GES, and all our food and beverage suppliers and preferred partners.

We thank the Honourable Neil Lumsden, Minister of Tourism, Culture and Sport and his team for their support of the centre through capital investment and in providing valuable guidance throughout the year. We are proud of the economic impact the Centre brings to the economy of Ottawa and province of Ontario and the team we have in place to deliver on our corporate vision of Inspired People Creating Extraordinary Events.

Our Board of Directors has provided invaluable guidance and direction and has played the role of cheer leader as we continue to build back our business. The future looks bright, and we are optimistic about what lies ahead. Collectively, we look forward to welcoming visitors to our beautiful Nation's Capital and to what the International Association of Conference Centres called "the world's best convention centre".

Jim Armour, Chair Board of Directors

Nina Kressler, President & CEO

# **CORPORATE GOALS**

OCC's corporate goals are established annually by the Board of Directors and Executive Leadership Team. In 2022/2023, OCC's corporate goals focused on the following strategic priorities: financial sustainability, client satisfaction, colleague satisfaction, partner performance and corporate social responsibility.

# **Financial Sustainability**

OCC's long-range financial imperative is to generate revenues to support a surplus to allow for the annual \$1M debt repayment and maintain sufficient cash flows to provide for lifecycle requirements. Given the OCC's cash flow position in 2022/2023, notice of repayment of the stabilization funding provided during the pandemic has been received by the Centre.

### **Financial Results**

Goal	2022/23 Objective	2022/23 Result
Gross Revenue	\$8.2M	\$17.1M
Net Operating Profit	(\$4.0M)	\$1.41M
Booking Pace	\$17.8M	\$15.5M

# **Improving Client Satisfaction**

OCC recognizes the importance of client satisfaction and reflects this through processes and procedures that ensure superior customer service from initial contact through to final invoicing. In 2022/2023, our client satisfaction survey scores reached an average of 4.7 out of 5, well above our goal of 4.5. We look forward to maintaining this score in 2023/2024.

In 2021, the OCC was awarded the 2020 International Association of Conference Centres (AIPC) APEX award for "World's Best Convention Centre", joining a prestigious list of convention centres from around the world who have claimed this title. We remain confident that we have earned a strong reputation in both the convention and meetings markets for hosting outstanding events and providing exceptional customer service.

# **Colleagues & Partners**

OCC recognizes the fundamental role of colleague and partner excellence in delivering a superior event experience and maintains a formal program to recruit, train, and recognize, in all areas of the organization, as well as maintaining positive and mutually supportive partner relations.

Our colleagues have identified rewards and recognition as important to them. The OCC focuses on a positive culture of appreciation that will improve engagement and productivity in the work place. To that end, in 2022/2023, we again celebrated their outstanding work through programs like *Encore! Encore!* to recognize colleagues who live our company values daily. When our colleagues meet a milestone career anniversary, we honour their dedication with special recognition and rewards. Our goal is to ensure they know they are valued members of the OCC team and responsible for our exceptional service scores.

The OCC's primary service partners, Aramark Entertainment Services (Canada) Inc. and Encore are vital ingredients in our operational product offerings and third-party initiatives. OCC works closely with our service partners to ensure that our customer service remains high and product quality exceeds industry standards and clients expectations.

# **Corporate Social Responsibility**

The OCC recognizes the role it plays in the life and economy of our host community and the role that same community plays in supporting and enhancing the event experience of our clients. To sustain and nurture this symbiotic relationship, we undertake various intitatives to demonstrate ongoing corporate responsibility and maintain a positive community interface.

Environmental initiatives are another key element of our corporate social responsibility plan. On that front, at the OCC, we continuously strive to find strategies that will maximize the efficiency of our waste management system with a diversion goal of at least 55%. With events beginning to return to pre-pandemic levels in 2022/2023, the OCC successfully diverted 56% of waste from landfills. As our focus on waste management increases as our business levels build back up, we expect this number to continue to improve in the coming years. OCC participates in a rigorous food waste program utilizing Organic Refuse Conversion Alternatives (ORCA machines) that turns organic waste and compost waste into environmentally safe grey water.

While many companies now practice some form of corporate social responsibility (CSR) programs, the OCC has decided to make it a core tenet of our operations. Undertaking social responsibility initiatives allows us to appeal to socially conscious consumers (and colleagues) and makes a tangible difference in the world. In addition to our in-house programs, we encourage our clients to give back to our community. We offer three flexible CSR programs that enable them to have a positive impact with minimal effort, all of which are facilitated by our team. These include our Leave a Legacy Program, FoodRescue.ca and Mealshare. This past year the Ottawa Mission benefited from these programs.

OCC colleagues also recognize the importance of giving back to the community individually and have set a goal to participate in activities throughout the year. In late September, OCC Staff participated in Tim Hortons Smile Cookie campaign by purchasing cookies and distributing them to staff. Tim Hortons donated 100% of the proceeds from the purchase of smile cookies to the Snowsuit Fund, an Ottawa-based charity that raises funds for the purchase and distribution of snowsuits to children in low-income families in the community. In February, OCC staff took part in the Ottawa Mission's Coldest Night of the Year walk. Together with thousands of Canadians across the country, we walked and fundraised to support and serve people and families experiencing homelessness, hurt, and hunger in our community.

Through our Leave a Legacy program, leftover meeting and convention materials are repurposed or recycled wherever possible. We will continue to look for partnership opportunities to ensure all salvageable materials left behind are delivered to charities most in need.

# **OPERATING STATISTICS 2022-23**

Number of events: **312** Number of conventions: **34** 

Number of trade & consumer shows: 3

Number of meetings: 165

Other Events: **110** Revenue: **\$17.1M** 

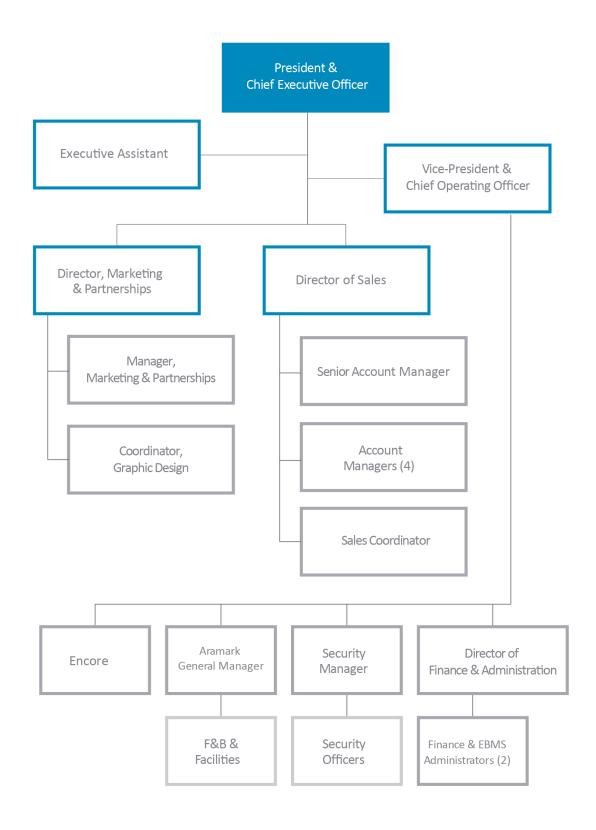

Operating Surplus (Deficit): \$1.4M

# **DISCLOSURE OF REMUNERATION**

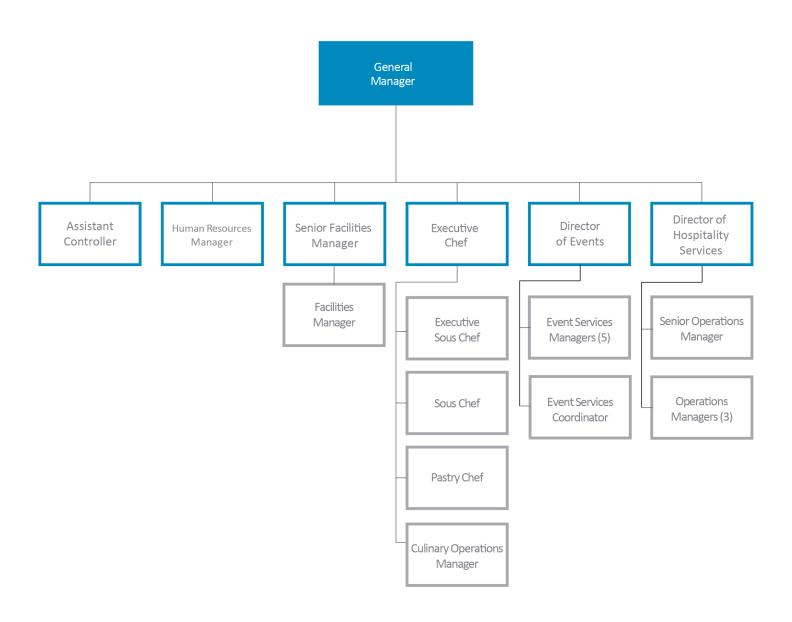

Members of the OCC Board of Directors are entitled to remuneration for attendance at the board, committee and other meetings as required. Outlined below is the total remuneration paid to each director for the fiscal year 2022-2023.

Financial Statements March 31, 2023

To the Members of Ottawa Convention Centre Corporation / Société du Centre des Congrès d'Ottawa:

#### Opinion

We have audited the financial statements of Ottawa Convention Centre Corporation / Société du Centre des Congrès d'Ottawa (the "Centre"), which comprise the statement of financial position as at March 31, 2023, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Centre as at March 31, 2023, and the results of its operations and its cash flows for the year then ended in accordance with Canadian Public Sector Accounting Standards.

#### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Centre in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other Information

Management is responsible for the other information. The other information comprises the audited financial information included in the annual report, but does not include the financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

MNP LLP

800-1600 Carling Avenue, Ottawa ON, K1Z 1G3

T: 613.691.4200 F: 613.726.9009

MNP.ca

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error

In preparing the financial statements, management is responsible for assessing the Centre's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Centre or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Centre's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
  error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
  sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,
  forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness
  of the Centre's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based
  on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that
  may cast significant doubt on the Centre's ability to continue as a going concern. If we conclude that a
  material uncertainty exists, we are required to draw attention in our auditor's report to the related
  disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our
  conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future
  events or conditions may cause the Centre to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Financial Statements **March 31, 2023** 

#### 1 Nature of organization

The Ottawa Convention Centre Corporation / Société du Centre des Congrès d'Ottawa ("the Centre") was incorporated by a special act of the Ontario Provincial Legislature. The mandate of the Centre is to operate, maintain and manage an international class convention centre facility in the City of Ottawa in a manner that will promote and develop tourism and industry in Ontario. The Centre is exempt from income taxes.

### 2 Impact on operations of COVID-19 (coronavirus)

In early March 2020 the impact of the global outbreak of COVID-19 (coronavirus) began to have a significant impact on businesses through the restrictions put in place by the Canadian, provincial and municipal governments regarding travel, business operations and isolation/quarantine orders.

Since March 2020, COVID-19 has had a profound impact on the Centre's operations due to significant limitations on public gatherings for extended periods of time, cancellation of events and domestic and international travel. These factors adversely affected demand for and the ability of the Centre to provide its services, forcing the Centre to temporarily halt substantially all of its operations during the year ended March 31, 2021 and into the first half and last quarter of the fiscal year ended March 31, 2022.

The impact of COVID-19 has been partially offset by Government assistance of \$2,200,659 (2022 - 5,289,560) obtained from the Ministry of Heritage, Sport, Tourism and Culture Industries (the "Ministry") pursuant to an Ontario Transfer Payment Agreement (Note 14).

As a result of the impacts of COVID-19, the Centre became economically dependent on the Ministry during the years ended March 31, 2021 and 2022. During the year ended March 31, 2023, the Centre experienced a return to pre-COVID-19 levels of revenues and scope of operations and expects this trend to continue in future years. As a result, the Centre is no longer economically dependent on the Ministry as of March 31, 2023.

Notes to Financial Statements **March 31, 2023** 

### 3 Summary of significant accounting policies

#### Basis of presentation

The financial statements of the Centre are prepared in accordance with Canadian Public Sector Accounting Standards (PSAS), including accounting standards that apply to government not-for-profit organizations.

#### Revenue recognition

Revenue from food, beverage, space rental and other is recognized when the related goods or services are provided to the customer. Advertising revenue is recognized in the year in which the advertising is provided to the client. Commission revenue is recognized in the year in which the related event is held.

The Centre follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are recognized. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

#### Contributed materials and services

From time to time, the Centre may receive contributed materials and services. Since these materials and services are either not normally purchased by the Centre or the fair value of the materials or services cannot be reasonably estimated, contributed materials and services are not recognized in these financial statements.

#### Use of estimates

The preparation of financial statements in conformity with PSAS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant estimates made in the preparation of these financial statements include the useful lives of property, plant and equipment and certain accrued liabilities. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant.

Notes to Financial Statements **March 31, 2023** 

### 3 Summary of significant accounting policies (continued)

#### Property, plant, and equipment

Property, plant and equipment are recorded at cost less accumulated amortization. Amortization is provided for using the straight-line method over the estimated useful lives of the various classes of assets, except in the year of acquisition when a pro-rated share of the year's amortization is recorded based on the fiscal quarter in which the asset is acquired. Amortization is calculated at the following rates:

Building 40 years straight-line Software 5 years straight-line Furniture, equipment and fixtures 10 years straight-line Technology network 15 years straight-line

The Centre reviews long-lived assets for impairment whenever events or changes in circumstances indicate the asset no longer has any long-term service potential to the Centre. The impairment loss, if any, is the excess of the carrying value over any residual value. Impairment losses are not reversed in future periods.

#### Deferred revenue and deposits

Deferred revenue and deposits represent amounts received in advance from customers in relation to services to be rendered in future periods.

### Deferred contributions related to property, plant and equipment

Deferred contributions represent amounts received from various levels of government to be used towards the construction and purchase of property, plant and equipment. An additional contribution was also received from one of the Centre's significant partners.

Deferred contributions received from the government are recognized as revenue on the same basis as the amortization of property, plant and equipment.

The deferred contributions received from the Centre's significant partner are recognized over the term of the agreement.

#### **Employee future benefits**

All full-time employees of the Centre are eligible to be members of the Centre's defined contribution pension plan which offers employees a pension benefit, upon retirement or termination, based on the accumulated contributions made by the individual employee and by the Centre, on their behalf, plus any investment earnings on these contributions. Contributions required to be made by the Centre are recorded in the period in which employee services are rendered.

Notes to Financial Statements **March 31, 2023** 

## 3 Summary of significant accounting policies (continued)

#### **Employee future benefits (continued)**

During the year, the Centre recorded an expense of \$109,845 (2022 – \$81,631) for contributions made to the defined contribution pension plan, which is included in selling, general and administrative expenses.

#### Financial instruments

The Centre's financial instruments consist of cash, accounts receivable, accounts payable and accrued liabilities, and long-term debt.

The Centre has classified its financial instruments as follows:

Asset/liability	Measurement
Cash Accounts receivable Accounts payable and accrued liabilities Long-term debt	fair value amortized cost amortized cost amortized cost

#### Government assistance

The Centre will recognize government grants when there is reasonable assurance that it will comply with the conditions required to qualify for the grant, and that the grant will be received. The Centre recognizes Ontario Transfer Payment grants as non-recurring revenue.

## 4 Related party transactions

The Centre is related through common ownership to all Province of Ontario ministries, agencies, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount. During the year ended March 31, 2023 the Centre received \$2,200,659 (2022 - \$5,289,560) from the Ministry to assist with the payment of operating costs and replenishment of client deposit accounts (Note 14) and \$1,918,951 (2022 - \$1,646,718) of contributions from the Ministry to be used towards the purchase of property, plant and equipment (note 8). Of these amounts, an aggregate of \$1,565,000 is included in accounts receivable at March 31, 2023 (2022 - \$581,250).

Notes to Financial Statements **March 31, 2023**

## 6 Credit facility

At March 31, 2023, the Company has an available credit facility of \$3,000,000 (2022 - \$3,000,000) which bears interest at prime rate and is repayable on demand. It is secured by a general security agreement on all personal property. At March 31, 2023, no amounts (2022 - \$Nil) were drawn with respect to this credit facility.

#### 7 Long-term debt

On May 4, 2018, the Centre was granted a release of its obligation to repay a \$40,000,000 loan plus interest to the Ontario Financing Authority (the "OFA"). The release is for the full amount of any outstanding principal and interest totalling \$51,628,557 as of the effective date of March 31, 2018. As a result, a new agreement was signed requiring the Centre to make annual payments of \$1,000,000 to the OFA in perpetuity subject to the Centre's ability to make such payments and the guarantee it obtained from the Ministry. At the time of the agreement, the future cash flows related to this obligation were valued at the Net Present Value of a perpetuity using a 3.63% discount rate (which was based on the Province of Ontario's 25-year borrowing rate at that time plus a 0.5% premium reflecting the Centre's credit risk) and disclosed below totalling \$27,583,238.

Notes to Financial Statements **March 31, 2023** 

## 7 Long-term debt (continued)

As part of the new agreement with the OFA, the Centre obtained a guarantee from the Ministry, a related party through common control, to pay any shortfall in the required annual payment each year to the OFA on behalf of the Centre. The Centre is not obligated to repay any amounts paid by the Ministry under this guarantee.

The new agreement with the OFA also requires the Centre to make additional annual payments to the OFA to the extent excess cash flow from operations permits. The agreement with the OFA stipulates that the amount of any such additional payment will be negotiated annually by the Centre and the OFA based on actual operating results for the particular year as well as taking into consideration the Centre's three-year plan, including its capital plan.

	March 31, 2023 \$	March 31, 2022 \$
Present value of non-interest bearing obligation to pay \$1,000,000 per year to the OFA in perpetuity, discounted at a rate of 3.63% per annum	27,583,238	27,583,238
Debt related to acquisition of technology services network, bearing interest at 4.73% per annum and requiring blended monthly payments of \$19,167 (2022 - \$19,167) from April 2011 through March 2026	642,660	837,665
	28,225,898	28,420,903
Less: Current portion	204,312	195,003
	28,021,586	28,225,900

Principal payments required on long-term debt obligations, excluding the \$1,000,000 annual amount payable to the OFA, to fully extinguish the debt over the next three years are as follows:

Year Ending March 31	T	
2024	204,312	
2025	214,066	
2026	224,282	

Notes to Financial Statements **March 31, 2023** 

## 8 Deferred contributions

	2023 \$	2022 \$
Balance – Beginning of year Contributions from the Ministry of Heritage, Sport, Tourism and	91,645,909	93,343,445
Culture Amortization	1,918,951 (3,625,509)	1,646,718 (3,344,254)
Balance – End of year	89,939,351	91,645,909

### 9 Expenses

Expenses presented by function are represented as follows:

	2023 \$	2022 \$
Direct Facilities Selling, general and administrative Financial	7,032,812 10,223,272 3,370,494 1,034,995	587,283 8,184,224 2,327,214 1,043,879
	21,661,573	12,142,600

The above presentation of expenses by function excludes the amortization of deferred contributions related to property, plant and equipment, as these are considered revenue in accordance with the Centre's accounting policies described in note 2.

### 10 Net change in non-cash working capital balances

The net change in non-cash working capital balances consists of the following changes in current assets and liabilities:

	2023 \$	2022 \$
Accounts receivable Prepaid expenses Accounts payable and accrued liabilities Deferred revenue and deposits – Current Deferred revenue and deposits – Long-term	(1,428,846) (5,576) 1,270,690 583,405 (282,102)	592,089 (27,048) 378,879 1,854,359 (419,810)
	137,571	2,378,469

Notes to Financial Statements **March 31, 2023** 

### 11 Financial instruments and risk management

The following classification system is used to describe the basis of the inputs used to measure the fair values of financial instruments in the fair value measurement category:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 Market based inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and
- Level 3 Inputs for the asset or liability that are not based on observable market data; assumptions are based on the best internal and external information available and are most suitable and appropriate based on the type of financial instrument being valued in order to establish what the transaction price would have been on the measurement date in an arm's length transaction.

Cash, being the only financial instrument measured at fair value, was measured as a Level 1 financial instrument.

#### Credit risk

Credit risk refers to the risk resulting from the possibility that parties may default on their financial obligations to the Centre. The Centre's booking policies are designed to minimize the amounts due from customers upon the conclusion of their event and thereby reduce the Centre's exposure to credit risk. Further, the Centre's management performs regular reviews of the creditworthiness of its customers and has collection policies that management feels are adequate to minimize losses in this area. The Centre does not consider its accounts receivable as presenting any significant credit risk.

At March 31, 2023, the Centre did not have any accounts receivable that were past due but not impaired.

Furthermore, in May 2018, the Centre obtained a guarantee from the Ministry in relation to its perpetual obligation to the OFA detailed in note 7. The ability of the Centre to draw on this guarantee is subject to the ongoing creditworthiness of the Ministry; however, the Centre does not currently perceive any significant credit risk related to the Ministry.

Notes to Financial Statements **March 31, 2023** 

### 11 Financial instruments and risk management (continued)

#### Liquidity risk

Liquidity risk refers to the risk that the Centre will encounter difficulty in meeting obligations associated with financial liabilities. The Centre is exposed to this risk mainly in respect of its accounts payable and accrued liabilities, long-term debt and the obligation to pay \$1,000,000 annually to the OFA (note 7). As part of the agreement with the OFA, the Centre obtained a guarantee from the Ministry of Heritage, Sport, Tourism and Culture that it will pay on behalf of the Centre all or a portion of the annual payments due to the OFA to the extent the Centre is unable to make such payments. Given the \$1,000,000 annual payment is required in perpetuity, the annual payment is deemed to be interest expense each year and the present value of the future required annual payments is presented as a long-term liability on the balance sheet and included in the "more than 5 years" category in the table below.

The table below is a maturity analysis of the Centre's financial liabilities (excluding interest) at March 31, 2023;

	Up to 6 months \$	More than 6 months up to 1 year \$	More than 1 year up to 5 years \$	More than 5 years \$	Total \$
Accounts payable and accrued					
liabilities Long-term debt	2,753,688 100,950	42,703 103,350	55,676 438,360	55,676 27,583,238	2,907,743 28,225,898
	2,854,638	146,053	494,036	27,638,914	31,133,641

#### Interest rate risk

Interest rate risk refers to the risk that the fair value of financial instruments or future cash flows associated with the instruments will fluctuate due to changes in market interest rates. The Centre has \$642,660 (2022 - \$837,665) in debt bearing a 4.73% fixed interest rate annually in relation to the acquisition of technology services network (note 7). Management does not consider the Centre to be exposed to significant interest rate risk.

At March 31, 2023, the Centre's total exposure to interest rate risk is \$642,660. The Centre's estimate of the effect on net assets at March 31, 2023, of a one percent increase or decrease in the interest rate on the loan payable, with all other variables held constant, would amount to an approximate increase or decrease of \$17,622 (2022 - \$27,014). In practice, the actual results may differ from this sensitivity analysis and the difference could be material.

Notes to Financial Statements **March 31, 2023** 

#### 11 Financial instruments and risk management (continued)

The sensitivity analysis included in this note should be used with caution as the changes are hypothetical and are not predictive of future performance. The above sensitivity is calculated with reference to year-end balances and will change due to fluctuations in the balances in the future. In addition, for the purpose of the sensitivity analysis, the effect of a variation in a particular assumption on the fair value of the financial instruments was calculated independently of any change in another assumption. Actual changes in one factor may contribute to changes in another factor, which may magnify or counteract the effect on the fair value of the financial instrument.

#### 12 Commitments

The Centre has entered into facility services and technology services agreements related to the operation of the Centre, both expiring in 2026. Under the facility services agreement, among other terms, the Centre will pay a facility management fee of 310,000 (2022 -300,000) with annual escalations of 10,000 thereafter. Under the technology services agreement, the Centre will make annual payments adjusted for inflation of 352,027 (2022 -332,101) attributable to the ongoing service agreement.

The Centre has also entered into a telecommunications equipment lease agreement with RCAP with an initial and first renewal term of March 1, 2015 to April 1, 2021. The agreement was renewed in June 2020 and expires April 1, 2025. Under the agreement, the Centre will pay an annual fee of \$23,589 (2022—\$23,589). All figures exclude applicable taxes.

### 13 Capital management

The Centre's objective when managing capital is to maintain its ability to continue as a going concern in order to execute its mandate to operate a world-class convention facility. The Centre's capital structure is comprised of its net assets, long-term debt and deferred contributions related to property, plant and equipment. The Centre's objective in management of its capital structure is to ensure access to sufficient cash flow to carry out its ongoing operations and service its obligations.

### 14 Government assistance

In response to the detrimental effect COVID-19 had on the meeting and events industry, the Ministry has provided the Centre with government grants. On June 22, 2021, the Centre entered into an Ontario Transfer Payment Agreement which consists of grant payments to the Centre to assist with payment of operating costs and replenishment of client deposit accounts.

For the year ended March 31, 2023, the Centre has recognized \$2,200,659 (2022 - \$5,289,560) of Ontario Transfer Payments.
